

COMMUNITY INSTRUCTION	Intensive Correction Order Assessment Report
COMMUNITY INSTRUCTION NO.	C24.2
SCOPE	Community Corrections

PURPOSE

To provide instruction to Community Corrections staff in relation to the preparation and completion of an Intensive Correction Order Assessment Report (ICOAR).

PROCEDURES

1. Registration and allocation

- 1.1 Requests for ICOARs are made by the courts and emailed to the Sentence Administration Section (SAS). The courts should also provide the Criminal History (CH), Statement of Facts (SOF) and any other information relevant to the sentencing matter.
- 1.2 The SAS will enter the ICOAR task in the offender management system and allocate the task to a Team Leader (TL) in line with the *CI - Business rules for registration and allocating a Court or SAB Report*.
- 1.3 A TL will allocate a ICOAR to a Community Corrections Officer (CCO) at the 'Preparing' stage.
- 1.4 The allocated CCO will determine if an existing offender file is in the Community Corrections office, if not they will generate the *File Action Request* form in the offender management system and email it to SSACTRecordServices@act.gov.au.

2. Gathering information

- 2.1 It is the responsibility of the allocated CCO to review the offender management system to determine if a further appointment is recorded. If not, the CCO can generate the *2.2.2 Direction to Attend Report Interview* form and send it via post to the offender's nominated residence or contact the offender via telephone and direct them to report.
- 2.2 If the offender is in custody, the CCO can email AVLAMCBookings@act.gov.au to arrange an Audio Visual Link (AVL) appointment or amcexsupport@act.gov.au to arrange a face to face visit at the Alexander Maconochie Centre.
- 2.3 Prior to the first interview with the offender, the CCO should prepare by familiarising themselves with the CH, SOF, Service records and any other relevant information available.
- 2.4 If the CCO is meeting the offender for the first time, they should attempt to verify their identification. Identification can be verified by sighting available identification documents and/or by asking the offender to state their name, date of birth (DOB) and address.
- 2.5 When undertaking the ICOAR interviews with the offender, the CCO should explain the purpose of the assessment and complete the *Offender Intake Data Form* (either hard copy or electronic) and the *2.1.4 Consent to Obtain and Release Personal Information Form*.

- 2.6 If the documents in 2.5 were completed during a recent Pre-Sentence Report and remain valid, the CCO may decide not to reapply their use and case note all assessment information.
- 2.7 The CCO must seek contact details from the offender for any contacts required to verify information provided by the offender, including but not limited to employers, support persons and family members.
- 2.8 The offender must be provided with sufficient information to make a balanced judgment before consenting to the making of an ICO. During an interview with the offender, the CCO will provide the *ICO Information Sheet* and discuss:
- the offender's obligations under an Intensive Correction Order
 - the breach mechanisms and possible outcomes (sanctions and cancellations)
 - potential frequency of contact dependant on assessed risk
 - the requirement for the offender to consent to the sentencing option
- 2.9 If the offender consents to the making of an ICO they will sign the *7.1.2 ICO Offender Consent Form*.
- 2.10 The CCO must seek a proposed residential address from the offender and the contact details of any co-residents. Home Assessments must be completed as part of a standalone ICOAR, in accordance with the *Home Assessment Community Instruction*. Anyone over the age of 18 years residing at the nominated address (except for rehabilitation centres and group houses) must be provided with the *7.1.4 ICO Co-Resident Consent Form* and sign the *7.1.4 ICO Co-Resident Consent Form*, otherwise the offender will be required to provide a further residential address.
- 2.11 During the assessment period, the CCO should schedule two weeks of contacts in line with the offender's potential reporting frequencies, as if they were subject to an Intensive Correction Order. These frequencies can be found in the *Supervision Contact Level* guidelines and are based on the offender's approved risk.
- 2.12 Alcohol and/or drug testing should be undertaken during the assessment period, to ensure the CCO has sufficient information to assess the suitability of the offender. If the offender is in custody, the CCO can request drug testing be undertaken by emailing amcadmissions@act.gov.au.
- 2.13 The CCO must seek information from Canberra Health Services in relation to past or present involvement with the offender. This can be done by emailing ROIMHJHADS@act.gov.au and outlining the following:
- offender details (name/DOB)
 - purpose of requested information
 - specific information requested dependant on the individual and pertinent to sentencing options and/or ongoing case management
 - reference to the legislative basis for the request, namely section 43 of the *Crimes (Sentencing) Act 2005*.
- 2.14 As per section 17B (2) of the *Victims of Crime Act 1994*, the CCO must seek and consider the victim's concerns about the need for protection from violence or harassment by the offender. The Australian Federal Police will instigate the initial communication with the victim, although should the victim wish to contact the CCO, the CCO should use the *Victim Contact Form* to guide the discussion and case note the details according to the *Case Note Policy*.

2.15 When interviewing the offender, the CCO should be mindful of information required, both for the preparation of the ICOAR and for the scoring of the Level of Service Inventory – Revised (LSI-R).

3. Verifying information

- 3.1 It is the responsibility of the CCO to verify as much of the information provided by the offender as possible.
- 3.2 All sources of information must be noted within the ICOAR.
- 3.3 If information is confirmed via telephone, the CCO must case note the contact according to the Case Note Policy, outline the details of the contact person and if the information was verified or discredited.
- 3.4 For ease of vetting the CCO must check the verified information boxes on the Offender Intake Data Form or as per 2.6.

4. Drafting the report

- 4.1 When drafting the ICOAR the CCO will generate the form 7.1.7 Intensive Correction Order Assessment Report - 26 Sep 17 from the offender management system. This template highlights the relevant information to be provided to the court and provides descriptions of the details to be included.
- 4.2 During a COVID-19 emergency the CCO will generate the COVID-19 ICO Assessment of Suitability Template.
- 4.3 Section 46D of the Crimes (Sentencing) Act 2005 outlines the matters for assessing the offender’s suitability to serve an Intensive Correction Order these are included in the table below:

Column 1 – item	Column 2 – matter	Column 3 – indication of unsuitability
1	degree of dependence on alcohol or a controlled drug	major problem with alcohol or a controlled drug
2	psychiatric or psychological condition	major psychiatric or psychological disorder
3	Medical condition	potential unfitness to comply with an intensive correction order
4	criminal record and response to previous court orders	serious criminal record or substantial noncompliance with previous court orders
5	employment and personal circumstances	potential impracticability of compliance with intensive correction

		order
6	participation and degree of compliance with intensive correction assessment	substantial noncompliance with assessment
7	living circumstances of the offender	<p>member of offender’s household does not consent to living with the offender while the offender is serving intensive correction</p> <p>someone with parental responsibility or guardianship for a person who is a member of the offender’s household does not consent to the person living with the offender while the offender is serving intensive correction</p>

4.4 An ICOAR must address each matter noted by the courts in the request for a report. The CCO must ensure that the charge number/s match the charge description/s, as per the Integrated Court Management System (ICMS) or the Statement of Facts.

4.5 All ICOARs authored by CCOs can be subject to cross examination, as such, CCOs should be clear when:

- a. noting an opinion
- b. providing unverified information.

5. Community Service Work Suitability

5.1 When assessing an offender’s suitability for a Community Service condition in relation to an ICOAR, the CCO must consider the following indicators of unsuitability as per section 80D (4) of the *Crimes (Sentencing) Act 2005*:

- a. any major problem with alcohol or a controlled drug
- b. any major psychiatric or psychological disorder
- c. any serious criminal record
- d. any potential impracticability of regular reporting for community service work
- e. any potential unfitness to perform community service work.

5.2 The CCO must explain the content of the *Community Service Work Condition Health Declaration* form to the offender and seek their signature if appropriate. If the offender cannot sign the form due to physical/mental illness or alcohol and/or other drug use, the CCO must record the reason and explain that this may result in them being found unsuitable for a community service condition.

5.3 If the CCO has any concerns regarding the suitability assessment they will consult with their TL or the Community Service Work Coordinator.

6. Vetting

- 6.1 All ICOARs must be vetted by a TL or Manager to ensure accuracy and consistency of information provided to the courts.
- 6.2 ICOARs should be provided to the TL for vetting at a minimum of five (5) days prior to the report's due date. If this is not possible the CCO must contact the TL to negotiate a shorter period.
- 6.3 The vetting process may include a review and approval of the Level of Service Inventory – Revised (LSI-R) assessment if an existing LSI-R is not yet approved or has expired.
- 6.4 Best practice is for the author of the report and their respective TL to sign the completed ICOAR. In the circumstance where those officers are unavailable, the ICOAR may be signed on behalf of the author/approver by another delegated officer/TL.
- 6.5 The TL may case note the approval of the LSI-R and ICOAR and must ensure any actions in respect to their completion are recorded in the offender management system.

7. Providing the ICOAR to the court

- 7.1 Once the ICOAR has been signed it must be scanned and sent via e-mail to the court. The scanned copy must also be uploaded into the offender management system.
- 7.2 Reports for the Magistrates Court are sent to:
 - a. MCChamberAssociates@act.gov.au
 - b. PPUAllocations@act.gov.au
- 7.3 Reports for the Supreme Court are sent to:
 - a. SCAssociates@act.gov.au
 - b. PPUAllocations@act.gov.au.
- 7.4 The CCO must case note that the completed ICOAR has been sent to the requesting court.
- 7.5 After the ICOAR has been sent to the court it is the responsibility of the CCO or TL to close the task in the offender management system with the correct completion reason no later than the court date. If the task is closed after the court date, it should be backdated.
- 7.6 All paperwork completed during the preparation of the ICOAR should be placed in the offender file.
